

Ashibe Yuiho

To tell the truth, I don't dare indulge myself too much while writing this manga, since the name "Enid" in this story is the ancient name for Ireland. As the author, I was impatient for the story to progress but I kept coming up with more and more characters, and the story was going nowhere.

Moreover, now that the characters have finally showed up, somehow the story is full of even *more* strange incidents.

Tara.

The big village
with a myriad
of people going
in and out.

To there
truly a
reflection in
the water?

Oh, I know
it's my
memory
as a child.

Has he
changed
at all?

I am nothing
but darkness.

*A constellation of
magical wonders.*

*The best time

transparent.*

*What remains
in my mind is

Dressed like a

The living time of her;

The soft, pale palm

The smallest against

soldiers that keep on
crashing like a
nightmare

And
"Oh, Mother,
Common people
joined in the

the lips that usually of
prophecy have sealed*

look of
The

the path to
